Compliments of Josten's - Bob Albertson-Plymouth, Indiana

Foreword

Our 54 yearbook is finally here
With pictures and stories we hold so dear
To remember your classmates as time goes by,
And not let pleasant memories die.
And as we go down the path of life,
And are troubled by work and strife,
As our courage begins to drowse,
Through these pages we can browse,
We will remember the trouble it took
To get through each and every book.
Then when we start our day
We will know for what we laid away.

Class Prophecy

I have just left my sea-shore home in Florida to attend the Fair Oaks 1954 Class Alumni Banquet.

As I fly over Rensselaer, Indiana, which is now enveloped in the tremendous expansion of Fair Oaks, I recall when Fair Oaks was just a small town. It is now the largest city in the world.

Directly below me, I can see the glorious new hospital that PAT COVER is now head nurse of. Pat is foremost nurse in the world today, and has made Fair Oaks her headquarters.

To my left I can see the huge three-block factory that was given to CHARLES GILMORE and JOAN CRAWFORD as a wedding present from Joan's father. Since it would be entirely too big of a job for Chuck alone to run it, he had to call in EDMUND STUDER. Edmund is a great man in the field of industry, and he runs the mechanized end of the plant.

HALLECK LONG has recently returned from abroad where he made a tour of European Countries with his wife Phyllis. He has a world famous dance band, and he is the most popular band leader in the country.

PHYLLIS HERRE has just arrived in her new Herremobile which she made especially for this great event. Phyllis is in the manufacturing business and manufactures the Herremobiles with such volume that it is now the most popular automobile in the world. Among its many features, is an electric eye so that you don't have to watch the road, and a one way glass top that keeps you from getting sunburned while riding on a clear day.

RALPH MURPHY is now making personal appearances in the more famous clubs and before the royalty of most of the countries of the world. He had to cancel a piano program with the King and Queen of England just to be here at the banquet tonight.

MARILYN STORM has just discovered a way to make successful brain operations on mental patients that goes beyond all other treatments.

LEONA DUNN is now Mrs. Ray Bozell. They own a farm north of Rensselaer, which is now a suburb of Fair Oaks. They grow all the food for the entire population of Fair Oaks.

MARLENE SCHULTZ is seen walking into the auditorium escorted by her husband, Raymond Mattocks. She is an upcoming actress in Europe. In her latest picture she is co-starring with John Derek, Rock Hudson, Tony Curtis, and Jeff Chandler.

HOWARD PARKS' profession is driving stock cars in Miami Beach, Florida. He drives the fastest car in the world, a two-door '48 Plymouth. During his ten years of stock car driving, he has won ten million dollars.
